About Finch Therapeutics

Finch Therapeutics is a clinical-stage microbiome therapeutics company leveraging its *Human-First Discovery*[®] platform to develop a novel class of orally administered biological drugs. Finch's lead candidate, CP101, is in late-stage clinical development for the prevention of recurrent *C. difficile* infection and has received Breakthrough Therapy and Fast Track designations from the U.S. Food and Drug Administration. Finch is exploring strategic options to potentially advance the development of its pre-clinical candidates FIN-524 for ulcerative colitis and FIN-525 for Crohn's disease and its pre-clinical program in autism spectrum disorder. Finch routinely posts information that may be important to its investors on its website at www.finchtherapeutics.com. Finch encourages investors to consult the "Investors & News" section of its website regularly.
